Objectives

Looking for an internship where I can use my skills in full-stack development and problem-solving to help improve web applications.

Skills

- Programming Languages   **:** Java, JavaScript
- Web Technologies   **:** React.js, HTML, CSS
- Database Technologies   **:** SQL
- Tools and Frameworks   **:** Git
- Soft Skills   **:** Problem-solving, Communication, Adaptability
- Languages   **:** English, Tamil

Projects

1. **EARK International School Website**
   - A real-time project for EARK International School in Lusaka, Zambia.
   - Built using React.js and CSS to create an engaging and responsive user interface.
   - Deployed live: https://www.earkinternationalschool.org/

2. **My College Official Website**
   - Developed and deployed a dynamic and user-friendly college website for providing information, updates, and essential resources.
   - Technologies used: React.js, HTML, CSS, JavaScript, Express.js.
   - Deployed live: https://accet.ac.in

Experience

- **Frontend Developer (College Official Website)**
    - Contributed to the official college website: accet.ac.in.
    - Improved user experience through frontend development, content management, and collaborative design.
